Where an increase to an existing home loan is sought to purchase a personal item (eg car/holiday/boat), the option of a personal loan also needs to be considered.
${ }^{1}$ All investment fixed rate home loans revert to the myBlue investment variable rate at the contracted LVR tier at the expiration of the fixed term.
${ }^{2}$ As the Investment Line of Credit is interest only, and the borrower may not have reduced the principal by the end of the term, the borrower must consider how they will repay the principal balance at the end of the term. Repayment by sale of the investment property may not be suitable.
${ }^{3}$ Comparison rate based on a secured loan of $\$ 150,000$ over 25 years. WARNING: This comparison rate applies only to the example or examples given. Different amounts and terms will result in different comparison rates. Costs such as redraw ees or early repayment fees, and cost savings such as fee waivers, are not included in the comparison rate but may influence the cost of the loan.
${ }^{4}$ Maximum initial Interest Only loan term is 5 years. Interest only rates may differ during the construction period.
${ }^{5}$ Comparison rates for myBlue \& liteBlue loans are based on a 5 year interest only period, on a secured loan of $\$ 150,000$ over 25 years. Comparison rates are based on an interest only period equal to that of the fixed rate period; on a secured loan of $\$ 150,000$ over 25 years. WARNING: This comparison rate applies only to the example or examples given. Different amounts and terms will result in different comparison rates. Costs such as redraw fees or early repayment fees, and cost savings such as fee waivers, are not included in the comparison rate but may influence the cost of the loan.

## Hume Bank

| Rate Lock | A Fixed Rate Lock is charged at $\$ 750$ or $0.15 \%$, whichever is greater, of the approved facility limit that is set out in your <br> loan contract. The Rate Lock will be debited to the loan on the date your loan is drawn down, or part thereof. |
| :---: | :--- |
| Additional repayments | Can be made at any time. If the total of the additional payments to the loan exceed the balance at the <br> commencement of the fixed rate period by $25 \%$, a break cost fee may be payable. |
| Break cost fee | Payable when prior to the expiry of any fixed rate period that applies to your loan (a) you make any early repayment in <br> respect of your loan or (b) we agree to switch the interest rate to a variable interest rate. <br> This fee is not payable in relation to early repayments during the fixed rate period that total less than $25 \%$ of the <br> balance at the commencement of the fixed rate period, or during the initial fixed rate period of a honeymoon rate loan. |

## Example Break cost fee

| Current Balance | A | $\$ 180,000$ |
| :--- | :--- | :--- |
| Residual term (months) | B | 22 |
| Customers fixed interest rate | C | $5.40 \%$ |
| Fixed rate applicable for residual term | D | $4.60 \%$ |
| Difference between rates (C - D) | E | $0.80 \%$ |
| Break Cost |  | $\$ 2,640$ |

The Break Cost is calculated as follows: ( $\mathrm{A} \times \mathrm{EXB}$ )/12 where A is (a) the amount of the early repayment or (b) the balance on your loan on the day the interest rate is varied, $E$ is the difference between Hume's fixed interest rate for the remainder of the fixed rate period and the fixed rate that applies to your loan, and $B$ is the number of full months left in the fixed rate period.

Note: The 'Guaranteed rate' feature is no longer for sale.

## Information correct as at 03/07/2024

Fees and charges payable. Normal lending criteria apply. Full details of all terms and conditions are available on request.
